THE Defiance News dubs the Hol-
gate Review as the semi-official organ
of the Republican party of Henry
county! On learning of this the Sig-
nal was thrown into spasms.

THE President has appointed Hon.
John D. Kernan, of Utica, N. Y., and
Judge Nicholas E. Worthington, of
Peoria, Ill., to act with Labor Com-
missioner Wright in investigating the
late strikes.

Just as we thought. Bro. Russell
was disgruntled over the selection of
Mr. Evers as one of the committee to
examine into the affairs of Fulton
county, as his long drawn out wall
last week shows. But, never mind,
dear Bro., you will have a chance to
get even with Judge Sheets, by using
your influence (if you have any) to
defeat his renomination!

THE Democrats of the Big Fifth
congressional district have declared
their faith in the silver dollar in no
uncertain sound:

"We demand the free and unlimited
coinage of gold and silver at the
ratio, without waiting for the aid
or consent of any other nation on
earth.

This resolution is democratically
recommended to the state convention
which may be held between now and
election, if the bosses will fix the day.

—Toledo Record.

The esteemed editor of the Ohio
Penitentiary News, No. 25,411, the pa-
per published within the walls of the
O. P., has not received any word on
subscription as yet, but he is being
shown other courtesies, as will be seen
by the following from his paper:

"The editor has received and elegant-
ly printed invitation to the marriage
of two friends. Thanks, awfully.
Dreadfully sorry that we can't be
there, but we'll be very busy that day.
Business before pleasure, you know.
However, we wish long life and love
to both, and enduring beauty to the
bride.

THE Signal brags too much upon
its fairness and honesty. Its continual
harping upon these two qualities has
put its readers upon their guard, and
much suspicion is the result. If you
are fair and honest, it looks much bet-
ter for some one else to extoll these
good qualities. Human nature has
been taught to "look a little out" for
the man who is continually bragging
about his honesty—and ten to one the
person who indulges in it is put down
as needing to be watched. The Signal
is old enough to know this, we know,
but as a friend we call its attention to
the old principle.

THE dry weather, shortage of pas-
ture and almost certain failure of
the corn crop in the great corn belt
of the west, is forcing farmers to mar-
ket their hogs and cattle without re-
gard to their fitness for market. On
Monday there were received at the
Chicago stock yards 60,000 head of
hogs, 25,000 cattle and 13,000 sheep,
a total of 97,000 head. Only once or
twice has this total been exceeded in
the great Chicago yards. The result
was a heavy slump in prices. This
should be a pointer to the Henry
county farmer, who has a reasonable
certainty of a fair corn crop this year,
and if he has a drove of hogs he can
look for good prices. With the pig
crop of the west forced to market at
this early date there is nothing surer
than that fat hogs will command a
high price this winter.

Upon investigation it is found that
the Russian thistle is growing quite
extensively right here in Napoleon.
The obnoxious weed can be found
on most of the streets and lots of the
place, and some farms in the county
are alive with them. They should be
destroyed whenever found.

perfect satisfaction, or money refunded.

BRO. RUSSELL is very much put out
over the fact that this manner of con-
ducting the affairs of the county audi-
tor's office was turned down by his
successor, Mr. Resh. And that a new
order of things has been inaugurated,
which has let the daylight into many
of "reforms" which he promised
the people when he went into office.
His "reform" was quite expensive to
the tax-payers of the county, and his
"policy" proved to be ruinous. In
fact he was the most expensive audi-
tor the county has ever had, and the
tangle in which he got the financial
affairs of the county was simply out-
rageous. Bro. Russell may weary his
readers with column after column of
long drawn out sentences and
explanations, but he can never
make the people believe but that
he was a failure in so far as he
ran the affairs of the county.
Neither can he make the people be-
lieve that the county commissioners
and auditor are not on the right road
which leads to the wiping out of our
large bonded debt, a debt which Mr.
Russell while he was in office helped
materially to increase instead of de-
creasing.

WATER WAS WORSE THAN FIRE.
Property Loss is Over a Million—Three
Thousand People Are Homeless
and Aid Has Been Asked of
the State.

PHILLIPS, Wis., July 28.—Thirty-nine
buildings, out of 700, stand smoke and
ashes on the spot the day after yesterday the
flood of water from the Wisconsin
lake, and one of the wealthiest
and most prosperous of all the towns in
the timber regions of Wisconsin. Three thou-
sand people are homeless and except those
who have been offered shelter in the
neighboring towns, whose people will themselves
be homeless, the night for the
flood is raging in the forests on all sides
will sweep away their homes at any hour, they
have no bed for their worn out bodies to-
night. Sixteen people are known to have
lost their lives.

LIST OF THE DEAD.
The dead are:
JAMES LOCK, butcher, wife and five chil-
dren.
FRANK CLISS in charge of the dry kilns
of the John R. Butler Lumber company.
TWO-YEAR-OLD CHILD.
MRS. DAVID BRYDEN, wife of the for-
mer of the Fayette Shaw Lumber and
two children. Mr. Bryden was also sup-
posed to have died, but returned tonight, having
been rescued from the water by a neighbor
returning that his family had perished.

UNKNOWN MAN.
DROWN IN ESCAPING FROM FIRE.
All the dead were drowned in Elk Lake
while trying to escape from the fire, except
the unknown man. His body was found
near the ruins of the house of F. W. Sackett, edi-
tor of the Phillips Times. The property loss
can not be estimated, but it is estimated
that it will reach at least \$1,250,000. The im-
mense plant of the John R. Davis Lumber
company is a total loss, amounting to be-
tween \$500,000 and \$600,000. On this property
there is an insurance of at least four fifths the
value of the plant. Of the rest of the city
about half of the property was insured. Many
of the poorer people carried no insurance on
their homes and they have lost everything.

PUBLIC BUILDINGS SWIFT AWAY.
In the path of the fire was the city hall,
court house, city jail and the Wisconsin Cen-
tral depot and it swept everything to the lake.
Thirteen prisoners were in the jail and three
of them made their escape from the sheriff
when released from confinement. It was
during the first fire that the loss of life oc-
curred. Driven frantic by the rushing wind
and flames, the families of James Locke, Frank
Cliss and Dave Bryden gathered hurriedly in
their arms all their possessions that they
could make and for a floating boat house
that was tied to the town bridge near the box
factory. The ropes were cut and the occu-
pants thought that the gale would drive them
across the lake, where the wind was fiercer
than here, but the raft was a rickety affair
and overloaded, and most terrible of all,
the fire seemed to create a current of air that
pulled them directly toward a great pile of
burning lumber on the lake shore.

NEW DANGER CONSIDERED THEM.
The raft began to sink and with death by
fire, facing them on one side and drowning
on the other, the boats were resorted to, but
in the gale they capsize almost instantly
and all perished with the exception of Mr.
Cliss, who was found floating this morning
on the opposite side of the lake, clinging with
desperation to the boat. When it became
evident that the city was threatened with
destruction, the John R. Davis Lumber com-
pany made up a train of its cars and sought
to take the women and children to a place
of safety on the Little Elk branch. The train
had proceeded but a little way, however,
when the bridge across the stream was
covered to be burned and the train with its
cargo of human freight was forced to return
to the city and

RUN THE GAUNTLET OF FLAME AND SMOKE.
In the meantime, permission had been re-
ceived to use the main track of the Central
road and the homeless people were carried
thence to the homes of the city. The people
of Prentice opened wide their homes, but
there was not room for all the crowd of men,
women and children. A telegram was sent
to the governor asking him to send blankets
and tents, together with mess tents for 1,000
people. In response to this the governor
telegraphed tonight that there were no tents
available at present, but that he would be
here in the morning with sheeting, hammers
and nails, and to be ready to begin the con-
struction of temporary quarters.

State Game and Fish Warden L. K.
Buntain, of Dayton, is looking after the
interests of 10,000 redbirds in the
State now in captivity, and is deter-
mined that the songsters shall be re-
set at liberty. The redbird is indige-
nous to this State, but, unlike the
canary or mocking bird, does not
breed in captivity, and unless the
bird is given its freedom it will be-
come extinct. The Warden is de-
termined to enforce the law on the
subject, and is sending out circulars
to the Deputy Wardens, directing
them to look after the interest of the
captive birds. The circulars instruct
the deputies to first warn all persons
to release the birds, and if it is not
done then proceed to legal measures.

Fires.
Bowser's oil tank works, Fort Wayne,
burned. Loss, \$65,000; insurance, \$18,000.
Frank Wagner was killed by touching a
telephone wire which was laying on a trol-
ley wire.

Deafness Cannot be Cured
by local applications as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional
remedies. Deafness is caused by an
inflamed condition of the mucous lin-
ing of the Eustachian Tube. When
this tube is inflamed you have a rum-
bling sound or imperfect hearing, and
when it is entirely closed, deafness is
the result and unless the inflammation
can be taken out and this tube rest-
ed to its normal condition, hearing
will be destroyed forever; nine cases
out of ten are caused by catarrh,
which is nothing but an inflamed con-
dition of the mucous surfaces.

We will give One Hundred Dollars
for any case of Deafness (caused by cat-
arrh) that cannot be cured by
Hall's Catarrh Cure. Send for circulars,
free.

CONGRESS.
Wednesday.

SENATE.—The legislative, executive and
judicial appropriation bill was agreed to.
The conference report on the tariff bill was
then taken up and discussed.

THURSDAY.
SENATE.—Senator Vilas (Dem., Wis.) re-
plied at great length to Senator Sherman's
attack upon the president. Mr. Vilas's mo-
tion that the senate recede from its amend-
ments placing a duty of 40 cents a ton on
coal and iron ore were voted upon and de-
feeted.

HOUSE.—The conference report on the
fortifications appropriation bill was agreed to.
The day had been assigned to the com-
mittee on interstate and foreign commerce
and some 20 or 30 bills reported from this
committee were passed.

FRIDAY.
SENATE.—The senate agreed to the fur-
ther conference of the tariff bill asked by
the house of representatives. The test of
strength came on Mr. Washburn's motion
that the senate recede from that portion of
the sugar amendment placing a differ-
ential of one-eighth of a cent on sugars above
No. 16 Dutch standard.

HOUSE.—No quorum. The message an-
nouncing that the senate insisted on their
amendments to the tariff bill and agreeing
to the request of the house for a further
conference, was received without giving
rise to any demonstrations.

MONDAY.
SENATE.—Among the bills introduced
was one by Mr. Allen to provide for the
issue of \$50,000,000 in treasury notes to be
distributed pro rata among the states "for
the relief of the worthy poor." The house
joint resolution further extending the ap-
propriations until Aug. 14 was passed.

HOT.—Beyond the passage of a few un-
important bills by unanimous consent,
nothing was accomplished.

WHAT MAY BE.
Old Fashioned Passenger (awakening
suddenly from a doze)—I beg your par-
don for not seeing you standing, madam.
Please take my seat.

Woman Conductor (shaking him
again)—Say, uncle, how much longer
are you going to keep me waiting for
your fare?—Chicago Tribune.

Harriet Hall, of Waynesboro, Ind., says: "I
owe my life to the Great South American Nervine.
I had been in bed for five months from the effects
of an exhausted stomach, indigestion, nervous
prostration, general debility, constipation of the
bowels, and a general condition of the
whole system. Had given up all hopes of getting
well. Had tried three doctors with no result.
The bottle of the Nervine Tonic improved me so
much that I was able to walk about, and a few bot-
tles cured me entirely. I believe it is the best
medicine in the world for all nervous and
nervous troubles." Sold by D. J. Humphrey, Na-
